

OWEN IS ENEMY OF WALTON FOR SENATE FIGHT

**Veteran Senator Opposes Can-
didacy of Walton for
Senate Seat**

POINTS BETRAYALS

Regrets Lending Support to
Walton in His Fight
For Governor

OKLAHOMA CITY.—(Special).—Replying to an inquiry by The Daily Oklahoman regarding his attitude towards the candidacy of J. C. Walton, United States Senator Robert L. Owen issued the following statement:

"In my judgment a democrat would be entirely justified in scruti-
nizing his ballot as far as Walton is
concerned for the senate, because
Walton's election would mean a
great injury to the democratic or-
ganization in Oklahoma and a dis-
credit to the national democracy.

"Walton's betrayal of his pledges
in 1922 to give Oklahoma an im-
provement in business administration
and his impeachment on competent
evidence by the Oklahoma senate based
upon the indictment of the Okla-
homa house of representatives is
sufficient to release any democrat
from support of Walton.

"To vote for Walton would be to
repudiate not only the legislature
that indicted and impeached him,
but to repudiate the action of the
people of the state of Oklahoma
who over his protests and violence
by an overwhelming vote authorized
the legislature to meet without his
consent for the purpose of considering
his impeachment.

"He is not the choice of the ma-
jority of democrats. In the recent
primary over 70 percent of them did
not wish him as a candidate. He
received less than 30 percent and a
large part of this small minority
was composed of thoughtless demo-
crats, of excited anti-ku kluxers and
socialists.

"Walton's screaming campaign
against the Klan has made many
people believe that the election was
merely an anti-ku klux vs. ku klux
election. It is in my opinion merely
a piece of Walton's cunning intrigue
to secure the non-democratic votes
on a fictitious issue.

"Walton has attempted to make
the democratic party appear in the
eyes of the people of the United
States as the Ku Klux Klan party
and I deeply regret it. The demo-
cratic party stands for freedom of
religion and is opposed to religious
intolerance and always has been
the devoted friend of law and
order.

"The republican party likewise
stands for the same fundamental
principles and the issues between
them are not ku klux or anti-ku
klux. All good citizens of both
parties are opposed to the wrong
practices alleged to have been com-
mitted by persons supposed to be
Klan members.

"I am informed and believe that
the members of the Klan itself are
opposed to such practices.

"I cannot understand how rever-
ent Catholics can support a candi-
date who could in attacking the
minister Gregory use a vulgar ex-
pression in regard to the mother of
Christ.

"I honor and uphold all the faith-
ful ministers and priests who love
Christ and cannot support a man
who would promote war between
the servants of Christ.

"In my judgment because of his
misconduct as governor, Walton is
not entitled to the support of any
citizen of whatever political views.

"In 1922 I had very little knowl-
edge of Walton and I accepted his
pledges to give the state a good
business administration and I be-
lieved the majority vote he then
received in the primary was the
best evidence available of his good
faith.

"Immediately after he was elected
I found it impossible to advise
him. He became inaccessible to me
after I had campaigned the state
for him and his subsequent conduct
convinced me he has no true con-
ception, no high ideals of official
duty and no understanding of true
democracy, but that he was and is
moved by pure personal selfishness
and ambition and was and is a
magnet of high power to attract to
his side men of like temper.

"Every thoughtful citizen must
regard his present promises as
worthless. I should regard his elec-
tion as an irreparable injury to the
democratic party in Oklahoma and
a great stain on the good name of
the state. I shall not only strike
Walton's name from my ballot but I
shall endeavor to make my disap-
proval of him as effective as pos-
sible by voting for his leading op-
ponent in the campaign. Anybody
is better than Walton.

"For my previous error in accept-
ing the promises of Walton in
1922 and giving him support at that
time, I respectfully tender to the
people of Oklahoma, democrats, re-
publicans, socialists, ku kluxers and
anti-ku kluxers my respectful apol-
ogy.

"R. L. OWEN."

Judge Bolen Now Hearing Suit of Large Corporation

The jury hearing of the case of
the North American Car company
vs. Crystal White Refining company
et al before District Judge J. W.
Bolen in district court was still
under way at noon today.

The action seeking a judgment
of approximately \$9,000 for rent on
use of cars has been under way
since yesterday afternoon.

The contention in the suit deals
with the use of cars by successor
corporations, the plaintiff contend-
ing that the contract for use of
cars expired when the corporation
changed hands.

SALVATION THEME OF SERMON HERE

**Missioner Tells to Listeners.
Christ Did Not Pay
Debt**

The sermon on Salvation at the
Preaching Mission last night at the
Episcopal church was an especially
strong and stirring one. Interest in
the mission is going remarkably
and Rev. Carden is winning his way
surely into the hearts of his hear-
ers. He is a man of remarkable
gifts and kindly nature. His audi-
ences have been particularly in-
spired when ever he has told of in-
cidents in his ministry which illus-
trate the love of God and Jesus
Christ for men.

The idea that there was any debt
paid by the death of Christ is a
fallacy, the speaker said in his
opening remarks. The word used
in the New Testament to tell how
Christ saves us and from what is
reconciliation. It is a reconciliation
of man to God, not of God to man.
God did not demand any ransom.
The devil was not paid to give up
his claim on man. Christ did not
even come to save us from Hell
but from our sins and he said that
was the reason for his coming to
earth. Jesus never said a word about
propitiating God. God loves us. It
is only the Old Testament which
has the idea that God is vengeful
and to be feared in cringing de-
spair.

He went on to say that the eternal
in the present life is all things
that are good. Sin can be eternal,
but goodness and character are ever-
lasting. The world could not exist
if God had not put righteousness
in it. Chaos and anarchy would re-
sult if honesty was taken out of
the world. Vice versa, the Sermon
on the Mount cannot be fully prac-
ticed until sin and evil are eradicated.
Conquering sin is man's busi-
ness in this world, and he must
conquer with the armor of right-
eousness. Happiness comes to those
who fight a good fight even though
they may think they have lost the
battle in spite of all sacrifice.

Oil Congress Near Close

(By the Associated Press)

TULSA, Oct. 10.—The arrival of
the army dirigible TC-5 scheduled
sometime this forenoon, was the
chief feature of interest in con-
nection with the International Petrol-
eum Exposition today. The dirigible
is scheduled to make several
flights over the city and exposition
grounds. This is the first time
Tulsa citizens have had the oppor-
tunity to see a ship of this type
fly over their city.

A number of receptions and en-
tertainments for the oil princesses
culminating in a dance at the Oak-
hurst country club tonight were on
the day's program.

The exposition will remain an an-
nual event, officers said last night.
Several of the exhibitors yesterday
expressed a desire to postpone the
next exposition until 1927, but a
conference which had been arranged
for between them and the exposi-
tion officials failed to materialize.
The exposition will close Satur-
day.

Airship Passes Vinta.
VENITA, Oct. 10.—The TC-5
United States army dirigible enroute
from Scott Field, Bolingville, Illinois,
to Tulsa, passed over here at 12:15
p. m. It was flying low and mak-
ing good time. Officers at Dawson
Field here said it probably would
reach there about 1:30.

**Formal Opening of
McKeown Bridge is
Attended by 2500**

The formal opening of the Mc-
Keown bridge across the Canadian
river north of Ada was held today,
beginning at 11 o'clock and con-
cluding until 3 o'clock this after-
noon. Approximately 2,500 people
from both sides of the river and
from the towns and cities in a ra-
dius of fifty miles attended.

Many talks were made and barbe-
cues were fed to the thousands in
great quantities.

A full account of the opening and
dedication will appear in Sunday's
News.

YEATS PLEADS NOT GUILTY TO CHARGE

(By the Associated Press)

NOWATA, Oct. 10.—Joseph E.
Yeats, former minister of Alloway,
today entered a plea of not guilty
at his preliminary hearing before
Judge W. F. Thomason in county
court to a charge of abduction grow-
ing out of alleged elopement with
Georgia Fields, a 14-year-old school
girl.

A. W. Fields, father of the girl,
who was the first witness, had to
be restrained by County Attorney
A. T. Anglin and a deputy sheriff
when leaving the witness stand
when E. J. Giddings of Oklahoma
City, attorney for Yeats, intimated
that Fields would have offered no
objection to the marriage if he had
been consulted.

The district court room, which
was chosen for the trial, in order to
accommodate a large number of
spectators, was jammed to the doors
when the preliminary opened and
two deputy sheriffs who brought the
former minister into court found it
necessary to enter the room through
a side door.

**MINE FOREMAN FIRED
ON FROM AMBUSH**

McALESTER, Oct. 10.—A shot
fired from ambush about 8:30 last
night rattled the car in which M.
A. Jones, foreman of Carbon mine
number 2, was riding to work. The
mine is operating on an open-shut
basis. He was not injured, but the
officers are continuing their investi-
gation of the affair.

PLANS UNDER WAY FOR ANNUAL POULTRY SHOW

The Pottotoc County Poultry as-
sociation took the first steps at its
meeting Thursday evening to pre-
pare for the annual county show
which will be held in Ada Decem-
ber 15-22.

The financial condition of the as-
sociation was shown to be fairly
good and this will enable the man-
agement to offer liberal premiums to
exhibitors, premiums large enough
to make it worth while for an exhib-
itor to go to some little trouble in
order to show his birds here. Pottotoc
county has some fine flocks,
and every possible effort will be
made to get out a full line of ex-
hibitors.

The secretary was directed to
proceed at once to get out several
hundred copies of the premium list
and take other steps necessary to
have things in readiness. Among
other things he was authorized to
buy more coops for turkeys, since
it is expected that a number of
these birds will be exhibited.

Woman Confesses Killing Husband's Father and Mother

(By the Associated Press)

LITTLE ROCK, Ark., Oct. 10.—
The alleged confession by Mrs. Wi-
nona Green, 23, given last night
after more than 20 hours of almost
continual grilling at the hands of
Major James A. Pitcock, chief justice
of the Little Rock detective depart-
ment, in which she admitted kill-
ing J. R. (Bob) Green and his wife,
Mrs. Lena Green, parents of her
husband, Leroy R. Green, according
to police, clears up one of the most
baffling murder cases and is one
of the most remarkable documents
ever secured by the local depart-
ment.

She is said to have admitted kill-
ing her father-in-law after lying
in wait for him in a railroad car
here on the night of August 15,
last, and later to have shot her
mother-in-law to death near Red
Fork, Oklahoma, September 25.

No Trace of Body Found

TULSA, Oct. 10.—Tulsa county
officers today were searching the
woods near Red Fork for the body
of Mrs. Lena Green in an effort to
verify an alleged confession at Lit-
tle Rock of Mrs. Winona Green of
Pueblo, Colorado, her daughter-in-
law, that she had slain the elder
woman September 25 and hidden
her body near Red Fork, six miles
from Tulsa. No trace of the body
had been discovered early this af-
ternoon.

BOOZE CONSUMERS SWELL VOLUME OF POLICE COURT

Intoxicating liquors continue to
make possible the major increase in
business in the police department.

Five drunks and one whiskey
possessor contributed generously to
the coffers of the city treasury this
morning by paying fines.

One other arrest was made on a
charge of disturbance of peace.

board the ZR-3 when the giant dir-
igible built by the Zeppelin com-
pany for the United States navy de-
parts, soon after day light tomor-
row for Lakehurst, New Jersey.

Wilson Brands Report Of His Withdrawal as Without Foundation

William Madison Hicks of Okla-
homa City stated to a News repre-
sentative this afternoon that George
Wilson, a candidate for United States
senator, had informed him in a long
dispassionate telephone conversation this
morning that reports of his possible
withdrawal from the race are ut-
terly without foundation; that he
knows nothing whatever about any
such deal and branded it as a politi-
cal frameup against him. Wilson
was at Geary today.

For some days rumors have been
afloat that Wilson had made over-
tures looking to his withdrawal from
the race.

OKLAHOMANS READY FOR HUSKER GAME

**Owen Filling Gaps in His
Lineup Caused by
Injuries**

NORMAN, Oct. 10.—(Special).—
A light workout Thursday after-
noon after three days of the hard-
est driving the Sooners have ex-
perienced this season, has com-
pleted the training of Ben G. Owen's
football squad for its clash with the
invading Nebraska team Saturday.

From frequent changes in the
lineup during the week it is evident
that Owen is making a desperate
effort to find the combination to
halt the Huskers.

Quarterback Slought, who was
counted on to run the team when
Hendricks was shifted to half, has
just been released from the in-
firmary where he was sent with an
infected arm as the result of Sat-
urday's game, and cannot get into
the lineup for another week. John
Carroll, who appears to be Owen's
best bet to run the team Saturday,
has been driving the squad like a
veteran this week.

Since it appears unlikely that
Price, all Missouri Valley end, will
be able to play Saturday, Owen is
faced with the problem of filling
two wing positions instead of one.
Woodall is due to start at right
end, but for the other it is a toss
up between Haller, Cowland,
Mathias and Cornelison.

Owen will likely have to get along
without the services of Shaffner,
veteran center, who is on the side-
lines again with an old shoulder in-
jury. This necessitates shifting Wal-
lace to center, with Wolfe slated to
plug the hole at guard. White is
due to start at the other guard
with Smoot and Penick at tackles.

Captain Bristow at fullback and
Lamb at half completes the lineup.

Coach Dawson left Lincoln with
his squad Thursday, and has plan-
ned a light workout in Oklahoma
City before coming to Norman.

JOHNSON HURLS MATES TO WORLD SERIES VICTORY

**Harris' Homer Only One of
Final Game of Series
Against Giants**

STANLEY HARRIS IS HERO

**McNeely's Single in Twelfth
Scores Run Meaning
Senators Victory**

WASHINGTON, Oct. 10.—Walter
Johnson is again an idol of Wash-
ington fandom.

Returning to the mound for the
third time during the world series be-
tween New York's Giants and Wash-
ington's Senators at a crucial per-
iod, the veteran held the Giants at
bay until McNeely sent out a single
in the twelfth inning and scored
Ruel, who had remained hitless un-
til the last game, hit out a double
for the series game, 4 to 3.

Harris started the scoring when
he hit a home run but New York
came back and raced three runs
across the plate. Harris again sac-
rificed the day when he scored two
runs in the eighth and tied the
score.

Johnson was called to the mound
after all of Washington's available
first string pitchers had been used
and held the Giants at his mercy
with his terrific speed.

BIBLE THOUGHT FOR TODAY
BOAST NOT thyself of tomorrow; for thou knowest not what a day may bring forth.—Proverbs 27:1.

Speaking of the value of a single vote it may be well to remember that one time a governor of Massachusetts was elected by only a single vote. Again in the early '40's, it is related, a man in Indiana on a sick bed had himself carried to the polls in order that he might cast a vote for a candidate for the legislature who had befriended him. The candidate was elected by just one vote. In the legislature there was a division over the election of a United States senator. The member elected by one vote led the opposition to a man who was opposed the annexation of Texas and eventually forced the election of a man who cast the deciding vote on the annexation bill in 1845, thus precipitating the Mexican war, the annexation of California and other Mexican territory and indirectly stirring up the slavery question again and keeping up agitation that culminated in the Civil war. Thus it will be seen that a single vote may sometimes be of supreme importance, hence the need for every voter going to the polls on election day.

The Executive demands the Mellon bill and members of his party in both houses of Congress, regular and insurgent, hasten to reject it. He disapproves an Adjusted Compensation Act but Congress reenacts it by the required two-thirds majority. Congress passes a measure granting to postal employees an increase in their meager salaries; the President disapproves it. He protests against the restriction of Japanese immigration; Congress adopts it. Whenever before did a party in control of the Executive and of a majority in both houses of Congress present so pitiable a spectacle of discord and division? By what right can a political organization so led and so disciplined appeal for a further lease of power?—John W. Davis.

The Skirvin building with its four stories will be the tallest yet erected in the city, but it is a safe bet that most of us will live to see others twice its height built here. Those who arrived here at an early day confident that Ada would make a good town have not been disappointed and it is a matter of time when their faith will be rewarded still more. Ada is one town that has never gone backward and although from the first day of its existence has built steadily, the demand for dwellings has generally been a few laps behind the supply. No mushroom growth here.

The eyes of South Central Oklahoma today are focused on the McKeown bridge the formal opening of which is being celebrated with a big barbecue and speeches by prominent men of the state. It is a most important event in the history of this part of the state and will be the forerunner of important developments in the matter of traffic. The bridge was made possible by the aid of business men of Ada and other places that expect to be benefitted by it.

The death of Col. W. G. Sterrett, for a generation a member of the Dallas News staff, removes one of the landmarks of Texas journalism. Sterrett's name was a household word in the homes of Texas and leaves behind him the proud heritage of a man whose duty was well done. Sterrett was a forceful writer and commanded the confidence of the newspaper fraternity and the public in general as few others ever have.

When things begun to settle down in Russia Germany sought to be the first to grab off what was thought to be a juicy hunk of trade. However, it is now reported that the soviet government has not been a satisfactory customer and what looked like a golden opportunity proved to be nothing but brass. The great trouble is that Russia produces nothing she can spare to sell to the outside world owing to the communistic system.

Bascom Sloop, President Coolidge's secretary, is causing his chief some embarrassment. Sloop's record in selling appointive offices in Virginia and other Southern states is being given the public and it is not helping the president's cause. If a man is judged by the company he keeps it will be rather hard on Coolidge.

Gov. Bryan was given a real western welcome in Oklahoma. He has many admirers in this state and his coming will undoubtedly add strength to the party's vote in November.

LaFollette says the old parties will soon cease to exist. He should remember that its opponents have been writing the obituary of the Democratic party for a century but that it still exists. Following every announcement of its demise and burial it has come to life and proves itself a very active sort of corpse.

WOMAN APPEALS TO SOCIAL WORKERS

Saving Human Wreckage Is Theme of Mrs. Bassett's Address

(By the Associated Press)
OKLAHOMA CITY, Oct. 10.—A plea for co-operation for the uplift of society's underprivileged and an outline of a broad program of improvement in equipment and methods in penal and eleemosynary institutions of the state were laid before delegates of the convention of the Oklahoma Association of Social Workers by Mrs. Maude Bassett, state commissioner of charities and corrections, here today.

Declaring that the work of the social worker is the "saving of wreckage, taking the best and trying to build up and restore it to useful citizenship," Mrs. Bassett called upon her hearers to get behind a program that will place more funds at the disposal of state institutions and at the same time eliminate practices which she said were wrong.

The speaker reviewed the needs of the various state institutions for the afflicted, the homeless and the criminal, declaring that virtually all were hampered in their work by inadequate accommodations and insufficient funds.

A separate building from criminally insane and a woman's reformatory at McAlester were among the improvements which were stressed by Commissioner Bassett.

"The present arrangement for caring for and housing women prisoners is a shame and a disgrace to the state of Oklahoma," she asserted. "The new building should provide for the segregation from older prisoners of girls from sixteen to twenty years who are sent to the penitentiary."

A place where delinquent girls can be cared for between the ages of sixteen and eighteen is also "urgently needed," the speaker declared.

Mrs. Bassett recommended the removal of the state training school for boys from the vicinity of the penitentiary as "the environment is vicious to these colored lads."

Increased accommodations at the girls industrial school at Tecumseh is one of the crying needs of the state penal system, the commissioner said, pointing out that girls of tender years are at present being held in jail all over the state and subjected to the most degrading influences because there is no room for them at the school.

Mrs. Bassett said conditions at the boys training school at Pauls Valley are "greatly improved" but that "there is yet much to do that is sorely needed."

Erection of a tubercular hospital for convicted persons who are suffering from tuberculosis was recommended. The speaker declared that "one such hospital could serve all penal institutions in the state. She declared there are a number of prisoners at the state penitentiary and the state reformatory at McAlester who are suffering from the disease and that "we have a very poor way to care for them."

Mrs. Bassett went on to record strongly as favoring the establishment of courts of domestic relations in the larger cities of the state. Probation methods should be employed to an extended degree in connection with these courts, she said, in order that many young boys and girls who are sufferers as a result of family troubles may be

INDIAN LEADER PLEADS FOR HIS PAGAN RIGHTS

(By the Associated Press)
MINNEAPOLIS, Minn., Oct. 9.—John Still Day, a "medicine man" representing 100 pagan Indians on the Red Lake reservation near the Canadian boundary, protested against the efforts of the Indian Bureau to abolish old tribal customs when he appeared before the Senate Indian Affairs sub-committee during its investigation here.

Mention had been made to the sub-committee that the tribal dances were detrimental to the Indians' crops, and that they interfered with the educational work among the younger members of the tribes.

Still Day is a tall, handsome, Chippewa fullblood. He did not wear the garb of the tribal leader but appeared in the attire of the white man. Speaking through an interpreter he told the committee that he was not the chief nor the great speaker, but protested against "the white man's efforts to take away my religion."

To the statement that the pagan Indians' corn and potatoes "were the worst in ten years because there have been too many tribal dances" Still Day replied that the Indians were "not responsible for the cold weather and the too much rains."

The pagan band lives in a place isolated from the rest of the Red Lake Indians, and its members still indulge in the ancient tribal dances which frequently last two and three days.

INDIANA PAPER TELLS OF N. A. BAILEY'S DEATH

A clipping from an Indiana paper published last week gives the following account of the death of N. A. Bailey, father of Mrs. John W. Board of this city:

Accidental death will probably be the verdict of Dr. George F. Eilow, county coroner, regarding the death Wednesday afternoon of Newman A. Bailey, prominent farmer of near London, who was instantly killed when struck by an extra Big Four freight, running at a high rate of speed. Altho no witnesses had been examined by the coroner today, he expressed the belief that death was accidental.

It was learned today that Mr. Bailey had been across the railroad tracks from his home, where some farm hands, employed by him were working. It is said that he was returning to the house at the time of the accident, preparing to leave Bailey. The exact cause of the accident within a short time for Indianapolis, where he was to have met Mrs. Bailey had not been learned today but it is believed that the aged man became confused when he saw the rapidly approaching train and remained in the path of the speeding locomotive. Relatives state that his hearing was somewhat impaired and that the train was probably close to him before it attracted his attention.

Mr. Bailey was born in Brookfield, Mo., March 30, 1850, and at the time of death, was 74 years, five months and twenty-five days old.

JURY FINDS IN FAVOR OF SEN. JED JOHNSON

OKLAHOMA CITY.—Jed Johnson, Democratic state senator from Anadarko, was found not guilty Thursday of the charge brought against him by Marie Rendall, 19, who claimed he was the father of her child.

A jury in county court returned the verdict at noon, after deliberating only five minutes.

Trop Griffin, attorney representing the girl was fined \$10 by County Judge Cheek when he left the court while the judge's instructions were being prepared and failed to return to argue the case.

Argument for the plaintiff was made by Lee G. Gill, assistant county attorney, who was assigned to the case because the statute requires that the county help prosecute in a case of this kind. Gill had not taken an active part in the trial.

Johnson denied all of the girl's charges from the witness stand Wednesday and attempted to prove his claim made before the trial that the affair was a political "frame-up."

He told of receiving a letter demanding that he send the girl \$100 or get out of the senate race. He said he employed a detective to find out from whom the letter came. He had never spoken to the girl, he declared.

Some photographs of the moon in natural colors were shown at a recent meeting of the British Astronomical association.

He had resided in the London community for many years and was one of the active and public-spirited citizens of Shelby county. He was the father-in-law of Councilman Luther J. Hord, of this city, and had resided on Mr. Hord's farm, south of London for some time. On March 10, 1870, he was united in marriage with Miss Barbara E. Brown, who survives. The happy couple celebrated their golden wedding anniversary, four years ago.

Besides the widow, he is survived by two daughters, Mrs. L. J. Hord, of this city, Mrs. J. W. Beard, of Ada, Okla., and one son, C. A. Bailey of San Antonio, Texas. He also leaves one grandson, Jewett Hord, of this city, a student at Indiana university.

Const Guard Speed Boats Wage War on Rum Runners

TACOMA, Wash.—The thirst for alcoholic liquor again is becoming expensive here, and in all cities of the Pacific northwest, because of the government's plan to curb the transportation of illicit beverages on Puget Sound through the use of a fleet of rum hunters. The government boats have a speed of 24 miles an hour and are armed with machine guns.

The price of Canadian whiskey was raised \$5 a case by wholesale bootleggers, and the retail price was increased 50 cents a quart to \$7.

Captain F. G. Dodge of the Coast Guard service soon will have 28 rum-hunting speed boats in operation.

TOKIO.—Japan will establish an embassy to Turkey within the next year, now that the treaty of Lausanne has come into effect through ratification of three of the four allied signatories, Japan, Italy and Great Britain. The Embassy probably will be located at Ankara and is expected to advance Japan's interest not in Turkey alone, but also in Persia, Arabia and Central Asia.

—to have a good
APPETITE!

• "Yes! thank you."

A GOOD appetite means a cheerful disposition.

You may have a good appetite if the blood that goes constantly to your vital organs is pure. S.S.S. purifies the blood—a good appetite follows and you will have a clear complexion and will be strong, cheerful and healthy.

Don't go on feeling up one day and down the next—hardly sick but never well—losing "pep," punch and ambition. Hearty eaters are the red-blooded men and women. Enjoy your food! Get back your strength and energy! Reclaim yourself before it is too late! People in a physically run-down condition are an easy prey to disease.

S.S.S. is what is needed. Your blood needs purifying. Your blood cells supply the energy which keeps your body well and fit. S.S.S. aids Nature in supplying new red-blood cells—the spark that renews your system. Carefully selected, scientifically proportioned and prepared herbs and barks make up S.S.S.—the great blood purifier which gives Nature a helping hand.

Get back the lost appetite, the missing vitality, the keen, sparkling eyes, that look of determination. S.S.S. will give you more energy, vitality and vigor, and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

FACULTY MEMBERS
AWAY FOR WORK

East Central Teachers Collecting New Ideas at Other Institutions

Several members of the East Central faculty are away for a year to pursue graduate study in some of the best institutions of higher learning in the country.

Miss Ida Hoover is in Paris, France, where she is doing graduate study in Fine Arts. Miss Hoover received her academic and her professional training at the University of Oklahoma and is considered one of the best art teachers in Oklahoma. Her year at Paris will be of great value to her in teaching Fine Arts when she returns to East Central.

Mr. J. O. Wood, Associate Professor of English, is at the University of California pursuing graduate study in English. He was one of the most popular teachers in East Central, and certainly one of the hardest working and most unassuming members of the faculty. After a year of graduate work in California, he will return to his position here.

Miss Grace Threlkeld, Assistant Professor in Mathematics, is engaged in graduate study in Teachers College, Columbia University, New York. When she returns from that institution she will continue her work in the Mathematics Department at East Central.

Miss Stella Watson, Critic Supervisor in the Junior High School, is doing graduate work in Junior High School Methods, and in Educational Psychology at the University of California. It is her intention to return to the Training School of East Central at the conclusion of the present school year.

Miss Anna Weaver Jones, Director of Physical Education for Women, is pursuing graduate work in Physical Education at Peabody College for Teachers. Peabody has done more for Physical Education than any other institution in the South, and Miss Jones selected this place for her graduate work because of the practical nature of the courses offered there. Feeling that the work in Physical Education at Peabody will more nearly fill the needs of the students at East Central than the courses offered in some of the great universities of the East.

Mr. Wood, Miss Hoover, and Miss Threlkeld are away on their own expense. They are so eager to bring new methods to East Central that they asked to be relieved of their work, and permitted to pursue graduate study at their own expense. This is a remarkable evidence of their professional zeal—a zeal which the institution appreciates most highly.

SECTION OF HISTORIC FILM
GIVEN TO FILIPINO PEOPLE

(By the Associated Press)

MANILA.—A section of the old film in Cambridge, Mass., under which General George Washington took command of the American army on July 3, 1775, has been donated to the Filipino people by the board of park commissioners of that city, and will be preserved in the Philippine Library and Museum.

A letter from the governor general's office transmitting the gift to the library says: "Attached hereto is a piece of wood donated to the people of the Philippine Islands by the board of park commissioners of Cambridge, Mass., which is a part of the tree under which General Washington first took command of the American army July 3, 1775. The governor general directs that this piece of wood be enclosed in a glass case and given the position of prominence to which it is entitled by reason of its historic association."

COLLEGE ENCOURAGES
RELIGIOUS ACTIVITIES

Two days after school opened all the ministers of the city were invited to appear in assembly for the purpose of explaining the religious activities which their respective churches featured. After the close of the general assembly the students were asked to meet the Pastor of the church of their choice for a conference, and nearly all the students of the institution availed themselves of this privilege.

This policy on the part of the College enables the students from out of town to affiliate with the churches of their choice immediately after arriving here.

An effective Y. W. C. A. is being organized, some eighty-five young ladies indicating a desire to join.

Arrangements are under way for the re-organization of the Y. M. C. A.

Every member of the faculty of East Central is a professed Christian. Most of the teachers are active in Church and Sunday School work. Some of the largest Bible classes in East Central Oklahoma are taught by members of the faculty, and two members are Superintendents of Sunday Schools here.

The faculty of East Central realizes that education without religious training is sadly defective, and consequently they are doing all in their power to enable students to get religious training in the various churches of this city while they are attending school here.

The institution also offers courses in Bible Study. While it is a non-denominational and non-sectarian state institution, and while the faculty feels that religious training can best be given in organizations not directly affiliated with the institution, yet every assistance is given to students in securing this very essential type of training.

Germans Call for Light
On Who Started the War

(By the Associated Press)

MUNSTER, Westphalia, Germany.—That the allied governments deliberately keep their peoples ignorant of the Russian, Austrian and German publications of official documents pertaining to the circumstances leading to the outbreak of the war, is charged by the sixteenth congress of German State Archivists, held here recently. Furthermore it is alleged that the allied governments refuse stubbornly to open their state archives for scientific research work as to the diplomatic string-pulling behind the scenes, previous to the war.

In the manifesto, unanimously adopted by the assembly, the French colleagues of the archivists have been called upon to come out of the dark and contribute their share to the enlightenment of the world at large as to the real causes of the war, for the sake "of justice and the establishment of unbiased truth."

CANADIAN SHEEP PRODUCE
GOOD CROP OF FINE WOOL

(By the Associated Press)

WINNIPEG, Man., Oct. 10.—Canada's wool clip will total \$13,000,000 pounds with a value to shepherds of \$4,000,000, according to a bulletin issued by the Dominion Department of Agriculture. The quality of the product is said to be the highest in recent years.

Approximately half the wool clip, the bulletin estimates, will remain in Canada for manufacture. Last year the dominion exported 6,009,079 pounds of wool, of which the United States purchased 5,267,892 pounds and Great Britain 705,028 pounds.

Government wool grading and systematic marketing by the Cooperative Wool Growers, which handles 90 per cent of the clip, have raised the quality of Canadian wool, the department said.

ADA HIGH GRID SQUAD
ROMPS TO HARD-FOUGHT
VICTORY OVER MAUD TEAM

Coach Raymond Cox's high school gridiron squad again spilled the dope and defeated Maud here yesterday by a decisive score of 27 to 9.

Maud's one-man team on the field and giants in size failed to check the steady advances of Ada backs to pierce the heavy line almost at will and score three touchdowns through the heavy line and one by the aerial route to Clarke, fleet end of the high school team.

In Tinkle, quarter, Maud had a man of rare ability and endurance. Tinkle made three fourths Maud team and practically all gains against the Ada team were credited to him. His accurate passing was a redeeming feature for the team for with out it, they would have been powerless to make consistent gains against the fighting youngsters for Ada.

Tinkle proved a superior passer to any of the Ada youngsters and a better individual runner, all his gains having been made without interference.

Despite Tinkle's unusual ability, the Ada line threw him for severe losses on several occasions. Two of his losses amounting to ten yards each.

Clarke, Ada end, stood out as one of the heroes of the game. Clarke is credited with one of the touchdowns and changed ends with the field on another occasion when he intercepted a pass. Clarke's delight came in spilled Tinkle when he raced to the line to attempt tackles on Ada backs.

The entire Ada backfield played consistently during the four quarters of the game, showing proficiency in piercing the line and rounding ends on regular formations. The backs proved sadly lacking in passing.

First Quarter.

Clarke fumbled, Maud's kickoff on Ada's 20-yard line and a Maud player recovered. Maud was penalized five yards for off-sides. Baker intercepts a Maud pass on his own 30-yard line. A pass nets 6 yards and a plunge through line makes 4 more and downs. Bryant ripped the line for 9 yards, a pass failed and Bryant lost three yards but the down was made when Montin hit line for 4 yards. Line bucks by Bryant and Burkhardt netted eleven yards and downs. A pass to Clarke netted 28 yards. Montin ripped line for 4 yards. Another pass to Clarke over the goal line brought the first touchdown of the game. Trial for extra point failed with the score 6-0 for Ada.

Maud was held on their 22-yard line on the kickoff. Two passes net 19 yards and downs. Tinkle gains 5 yards but lost three on the next play. Baker returns Tinkle's punt to the middle of the field. An Ada pass was intercepted on Maud's 38-yard line. Tinkle was thrown for a 5-yard loss. The quarter ends with the ball on Maud's 33 yard line in Maud's possession. Score, Ada 6; Maud 0.

Second Quarter.

Bryant returns Tinkle's punt to the Maud 27-yard line. He hits line for 4 yards. Montin makes a yard and repeats for 3 yards. Burkhardt ripped line for 6 yards and downs. Burkhardt again plunged line for the goal and another touchdown. Fourth kicks a field goal for the extra point. Score, Ada 13, Maud 0. Burkhardt returns the punt to the 20-yard line. Burkhardt hits line for 7 yards. A pass failed. Burkhardt plunged 6 yards for downs. Montin fumbles and Maud recovered. Maud penalized 5 yards for off-sides. A Maud back fumbled but recovered. A pass nets 5 yards. Tinkle hit line for 5 yards and downs. Pass failed. Tinkle made downs on Ada's four yard line and another yard is added by the next play. Tinkle fumbled for a ten yard loss and was tackled on the next play for a loss of 7 yards. Tinkle kicked a perfect field goal. Score, Ada 13, Maud 3.

Burkhardt returned the punt to the 24-yard line. Burkhardt made a yard. A pass netted 7 yards. Montin plunged line for 8 yards and downs. Bryant hit line for 5 yards and repeated with 4 more. Burkhardt skirted end for 3 yards and downs. Bryant and Burkhardt ripped line for 6 and 4 yards and downs. Bryant made 2 yards but Burkhardt lost the gain. Burkhardt

was tackled for a 6-yard loss and the ball was given to Maud on their own 40-yard line. Maud penalized 5 yards for off-sides. A pass failed. Baker was tackled with the punt on his own 38-yard line. Burkhardt hit line for 6 yards and Bryant made downs with 4 more. Maud intercepted an Ada pass in the middle of the field. A pass netted 7 yards. Tinkle runs end for downs. Tinkle repeated for a 7-yard gain, but a Maud back lost 4 yards. Tinkle run end for downs. The half ends with Maud in possession of the ball. Score: Ada 13, Maud 3.

Third Quarter.

Ada returned the punt to their own 25-yard line and Burkhardt made 6 yards through line. A fumble lost 3 yards. Montin punted out of bounds on Maud's 42-yard line. Maud penalized 5 yards for off-sides. Montin intercepted a pass on Maud's 45 yard-line. Burkhardt waded through line for 9 yards and Montin made downs. A pass to Johnson netted 9 yards. Bryant skirled end for 12 yards. Montin and Burkhardt plunged line for 12 yards and downs. Bryant went over the third touchdown. Montin place kicked for the extra point. Score: Ada 20, Maud 3.

Baker returned the punt to the 20-yard line. Burkhardt hit line for 2 yards. Bryant repeated for 6 yards. Ball over to Maud on Ada's 25-yard line. Tinkle lost 5 yards. Tinkle failed to gain. Baker booted the punt to Maud's 48-yard line and the runner was downed in his tracks. A pass failed. Tinkle was tackled for a 10-yard loss. On Tinkle's punt, Baker signalled for a fair catch but was tackled by a Maud player. Ada was given a 10-yard penalty on Maud. A pass was intercepted by a Maud player on Maud's 48-yard line. A pass failed. Clarke intercepted a Maud pass and raced down to Maud's 24-yard line. Burkhardt lost a yard. A pass to Baker netted 15 yards. Burkhardt hit line for 3 yards. Bryant raced the ball to Maud's two yard line but lost the ball on downs. The quarter ends with Maud in possession of the ball on their own 2-yard line. Score: Ada 20, Maud 3.

Fourth Quarter.

Tinkle's punt behind the Maud goal line was blocked by an Ada player, who fell on the ball for the fourth touchdown of the game. Baker drop kicked for the extra point. Score: Ada 27, Maud 3.

Maud returned the punt to their own 24-yard line. Two passes net 13 yards and downs. Tinkle hit line for 5 yards. A pass netted 7 yards and downs. Tinkle hit line for 4 yards. With the ball on Ada's 38-yard line, two passes failed and Maud was penalized for off-sides. Ada failed to make downs and punted to Maud's twenty-five-yard line. Two passes netted 15 yards and downs. Tinkle ran three times for 10 yards and downs. Tinkle hit line for 2 yards and a pass netted 13 yards for downs. With the ball on Ada's 27-yard line, a pass failed. Tinkle went around end for 5 yards and repeated for 6 yards and downs. With the ball on Ada's 12-yard line, Tinkle passed over the goal line for Maud's first touchdown. Score: Ada 27-Maud 9. Ada returned the punt to their own 27-yard line. Burkhardt plunged line for 7 yards. Montin ripped 2 yards and Bryant took 3 yards for downs. Bryant repeated for 5 yards. Montin made 2 yards. Montin took two more but the ball went over. A pass was successful for 5 yards and Tinkle made the other 5 for

St. Luke's Episcopal
The services at the Episcopal church Sunday will begin with a corporate service at 8 o'clock for the younger communicants. It is especially for the young people but any communicant or church member is welcome to commune at this service.
The Church School will meet at the usual hour of 9:45. Mr. Carden will have some special things to say to the school.
Morning Prayer and Sermon by the Missioner at 11 a. m. Subject "Baptism, Its Validity, Regenerating Power, Form, and for Whom." Miss Elizabeth Cain will play a violin solo for the offertory, accompanied by Mrs. M. P. Manville.
In the evening at 7:30 the sermon topic will be "Conversion." A great day is expected at St. Luke's Church Sunday with such a full schedule of services. Everyone who can should hear Mr. Carden deliver his messages on Christianity and Christian living.
The subject this evening at 7:30 will be, "Why and How Did Christ Establish His Church?" The singing at these evening services is a big feature. The great Christian hymns of our fathers and grandfathers are sermons in themselves.

First Christian Church.

Choir practice Wednesday evening at 7:30 p. m. Mr. C. E. Cunningham, director.
Our revival meeting will begin the first Lord's day in November. Brother W. A. Merrill, our minister at Shawnee will be with us and do the preaching. Brother Merrill is a strong gospel preacher. Everybody is invited to attend this meeting and

help make it a success in any way they can. H. W. WALLACE, Minister

Presbyterian Specials.
October is rally month at the Presbyterian church with something special for each service.
Sunday 12th is men's day when every man will make an effort to be present and bring a man to the brotherhood class and to the 11 a. m. sermon, the subject of which will be "Religion a Man's Job."
Next Sunday will be Women's Day and the next Family Day.
Each Sunday evening of the month will be special for young people. The sermons will be lectures by the pastor on Courtship, Love and Marriage.
The first of these sermon lectures will be Sunday, Oct. 12th and will be taken from the story of the man who toiled fourteen years for his wife.
Texts, "Jacob Kissed Rachel and Lift Up His Voice and Wept." and "Jacob Served Seven Years for Rachel and for Love of her the Time Seemed but a Few Days."
The meaning of the kiss proper and improper kissing, love true and false, the symptoms and the effect of true love and kindred themes will be discussed.
These sermon lectures will lead to the home as the foundations of civilized Christian society and discuss the causes and the cure of the divorce evil.
The orchestra, the pipe organ and the choir will furnish special music for each service.
Yours to serve,
E. O. WHITWELL, Pastor.

AFRICAN CHIEF'S WIVES VEIL TO GO TO MOVIES
(By the Associated Press)
LONDON.—The Emir of Katsina, who governs a district of Nigeria many times larger than England, attended a moving picture show the other night in London, for the first time in his life.
The Emir was enthusiastic about the movies. He was accompanied by his two favorite wives, who remained closely veiled throughout the performance. Upon their arrival at the theatre the wives were escorted into the manager's office to wait until the lights went down so that they should not be seen by vulgar eyes.

RURAL CLUB WAS ACTIVE IN SUMMER

Rural Teachers Discuss Ways Of Rendering Better Service to Citizens

The East Central Rural Teachers' Club, which was a notable feature of the summer session of 1923 at the East Central Teachers' College, was not idle during the summer session of 1924. It acted as host to the county superintendents and county agricultural agents who held a joint conference at the college, in a luncheon spread on the campus.
The various county organizations, composed largely of rural teachers and members of the Rural Club, provided elaborate refreshments, each county delegation handing out food and drink from under its own banner, to all who desired to partake. A great crowd of rural workers from over the college district, including superintendents of counties and village schools, agricultural agents, rural teachers, and representatives of the State Department of Education, enjoyed the hospitality of the occasion. After lunch, talks were made to the audience under the trees by President Luther Porterfield of the Rural Club, President Linscheid of the College, County Agent Plattner of Comstock, and others. Rural problems were the theme of each address. An election of officers of the Rural Club for 1924-1925 was held. Superintendent Porterfield of Seminole County being re-elected president, and Mr. Perry Blue, of Pontotoc County, made Vice-President. President Porterfield then appointed Professors Herring and McCormick of the College on the program committee to arrange other meetings of the club during the summer school, and named the latter to again represent the Rural Club on the editorial staff of "The East Central Journal."
A few weeks after this outdoor meeting, the Rural Club held a program in the Educational Building of the College. This was presided over by Vice-President Blue, in the absence of President Porterfield,

who was on duty as county superintendent in Seminole county. A large room was well filled with a representative audience of rural teachers and workers, most of them at the time students in the College. Inspirational and instructive addresses were made by outstanding rural teachers and leaders. Teachers who attended every meeting of the Club since its establishment stated that this was the most successful of them all.
The ideals of rural life for which the Rural Club of the East Central District stands have been carried by its members back into the county and village schools over the eleven counties, where their influence will aid the already splendid work being done.

Famous Vine in England Yields Abundant Harvest
LONDON.—Six hundred bunches of black Hamburg grapes, some of them weighing more than two pounds each, have just been cut from the great vine at Hampton Court Palace.
This grape vine, like Ephraim Bull's original Concord vine which

still flourishes in the Massachusetts town, is one of the most famous in the world. It is more than a century and half old, having been planted in the reign of King George II, and its enormous yield is a matter of great interest in England. The vine requires constant pruning else it would exhaust itself in bearing more grapes than it would be able to nourish.
The sale of this vine's enormous yield provides a tidy sum for charity, as the grapes fetch \$1.50 a pound.

CAR INSPECTOR PUTS HIS OK ON TANLAC

Henry Goodell Says It Passes All Other Medicine Like A "Limited Does A Local"

"I'll tell the world Tanlac leaves other treatments I have tried like a 'limited does a local'." is the characteristic statement of Henry Goodell, 819 South Lansing St., Tulsa, Okla., car inspector for the M. K. & T. (Katy) Railroad here.
"Early this year an attack of bilious fever left me so run-down and weak I could hardly stay on the job. I didn't even want to look at anything to eat, my eyes would burn and my head ache so I lay awake for hours at night. I got up mornings with a heavy, tired feeling, made worse by constipation, which seemed to take away all my energy. My nerves would get on edge and I continually lost weight.
"My first bottle of Tanlac did me so much good that I bought four more, five in all, and since I finished them my health has been as fine as I could ask."
Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

OBITUARY

MRS. S. R. TOLBERT
Mrs. Meda Tolbert, wife of S. R. Tolbert, died at the family home five miles southwest of Ada, Thursday afternoon at 5 o'clock. Funeral services will be held from the First Christian church of Ada Saturday afternoon at 2 o'clock, conducted by Revs. H. W. Wallace and W. H. Nettles. Interment at Rosecreek cemetery.

Death came after a long illness. For the past five or six years Mrs. Tolbert had been in bad health and all efforts to restore her were unavailing.

Deceased is survived by her husband and four sons, Don, Joe, Richmond and Haywood. The Tolberts came to Ada 24 years ago and deceased was known and loved by a large circle of friends. She was a devoted Christian and ready to answer the summons when it came.

NEW STYLE 'BOB' SHOWN IN FILM

Are you familiar with the Blanche Sweet "California top," the "Bessie Love Bob" and Warner Baxter "close-cut"?

Absolutely the latest word from Hollywood in shaves, shingles and short-haired coiffures is shown in Thomas H. Ince's new First National drama, "Those Who Dance," now running at the McSwain Theater. The production has caused a tremendous sensation in the "fan" world, because it tells the story of liquor in a fashion that brings out the utmost in dramatic values of the Volstead law. And the fact that the three leading characters of the story (Miss Sweet, Miss Love and Warner Baxter) all submitted to major barber operations for the picture, every one of them introducing a new fad into the film colony as the result of the experiment has increased popular interest.

The making of plaster masks from living faces is superseding photography and portrait-painting in Vienna.

REALTORS PREFER STREET RAILWAYS TO BUS LINES

ATLANTIC CITY, Oct. 10.—L. F. Eppich, of Denver, former president of the National Association of real estate boards, told the American Electric Railway Association here today that realtors prefer electric railways to other forms of local transportation because they "cannot be moved away over night."

Mr. Eppich recently sent a questionnaire, "Busses or Cars," to realtors in many cities and all except one answered "Cars." "Busses may be easily diverted or abandoned, and the value of property substantially reduced," he explained today.

There is a decided place for the bus in local transportation the speaker continued. He and other realtors would like to see street car companies run busses in new territories until traffic warrants laying an electric line. Property owners owners benefitting by new transportation lines should help pay the cost of their installation, he said, and pointed out that recently Detroit voters assessed 51 percent of the cost of new transit lines against the owners of adjoining property. Such a course also had been recommended in other cities.

"SHADOW OF EAST" IS THRILLING AND ROMANTIC DRAMA

A romantic, thrilling, though somewhat sombre tale is "The Shadow of the East"—the photoplay which opens at the American theatre on Monday.

It is about an English earl, Barry Craven, who, like many other Englishmen exiled in India, had secretly taken a beautiful native wife though he still felt the attraction of his own countrywomen.

Much has been written and said about these light loves of the East which men leave so easily, but when Lolore, mad with tempestuous love for the rather unresponsive Englishman and with jealousy for an English girl who was visiting India, finally commits suicide, Barry finds it not so easy to forget.

He returns to England—even marries Gillian Locke—but still the Shadow of the East hangs over him and becomes a barrier between him and all the things he would hold dear.

Unable to bear the torture of it, he goes back at last to aid in a war, a young chick is waging against his enemies. He leaves a note telling Gillian the dark secret of his past and his desire for atonement through death in a war. Gillian follows him to India, and regardless of her own danger, in the very field of battle, she rescues her. And then she finds that he no longer is in need of rescuing.

bank at 7:20 and after opening the vault, they were forced by robbers to lie on the floor while the marauders leisurely rifled the vault of its contents. They remained until after 8 o'clock and then joined a third man who was waiting outside in a large touring car, driving toward Vado, Oklahoma.

Surrounding towns were notified of the incident and warned to watch for the robbers. Bank officials refused to estimate the loss until a check up could be made but early reports from Oilton to Bristow police stated the loss had been estimated at \$20,000.

CO-OPERATIVES REPORT INCREASING BUSINESS

WASHINGTON, Oct. 9.—How the co-operative movement is growing is revealed by figures just compiled by U. S. Bureau of the U. S. department of agriculture, who has found 1547 co-operatives in the livestock business, doing \$162,800,000 worth of marketing per year.

Sixty-two percent of the total business handled by shipping associations in Iowa, Minnesota, Illinois and Ohio was co-operatives. Iowa associations did a \$22,000,000 business; Minnesota, \$28,000,000; Illinois, \$16,000,000 and Ohio \$15,000,000.

In the big terminal market, there are now 28 farmer controlled marketing agencies. Last year they handled nearly 10 million head of livestock, which would fill about 150,000 stock cars, and sales from which amounted to \$192,000,000.

During the year \$820,000 was returned to farmers by these sales agencies as refunds on amounts paid as commission charges.

MOTHER OF LOCAL MAN DIES IN KANSAS TOWN

Word was received here today of the death of Mrs. Scott Taylor, mother of M. C. Taylor, local merchant, at the family home at Oswego, Kan.

Mr. Taylor was at the bedside of his mother when death came at 2 o'clock this morning.

The funeral services will be held at the family home Sunday, according to word received here.

Mrs. M. F. Manville, who was intimately acquainted with the deceased, states that she was 72 years of age and had been a resident of Oswego since the early 70's. In fact was one of the first pioneers to settle the town.

A number of Ada families know the deceased personally or by reputation.

The deceased is survived by her husband, an invalid for years, three sons, three granddaughters and two grandsons.

DUBLIN RESTORING BUILDINGS DAMAGED IN RECENT REVOLTS

(By the Associated Press)

DUBLIN.—The Free State government has at last started rebuilding the Dublin post office destroyed in the rebellion of Easter, 1916. Work has now commenced on the old site with a view to preserving the tradition and character of the original building intact.

Dublin's next most beautiful building, the Four Courts, was destroyed in the fighting of July, 1922. The dangerous parts of the ruins have been repaired and the walls are considered good enough to justify the rebuilding of the whole edifice. The restorations so far designed are in keeping with the treatment of the original eighteenth century architect, James Gandon, and stone similar to that in the original structure is being used.

San Diego Plans Aerial Circus to Welcome Dirigible

(By the Associated Press)

SAN DIEGO, Cal., Oct. 10.—San Diego the rendezvous of daring aviators and scenes of many aircraft records is awaiting the arrival of the Shenandoah today.

Reports received here indicated the dirigible would be locked to her mooring mast late this afternoon. The novelty of a visit of America's big dirigible has been the inspiration of an aerial circus beginning with the arrival of the ship and ending when it floats out of sight for Camp Lewis along the Pacific coast, on the last leg of her westward trial flight Saturday afternoon.

Owing to the absence of mooring masts no stops will be made between San Diego and Camp Lewis.

HOW GREAT MEN MAKE LOVE AS REVEALED BY THEIR LOVE LETTERS

By JOSEPH KAYE
(© by Wheeler Syndicate, Inc.)

JOHN ADAMS AND ABIGAIL SMITH

THE letters of Abigail Smith Adams and her husband, John Adams, second President of the United States and father of the sixth President, form a volume of interesting reading, and of more than ordinary charm are the letters of Mrs. Adams. And they are the more to be admired when the fact is considered that she never attended school and that her educational opportunities in early years were very limited.

In a letter dated August 20, 1776, from Boston, she thus expresses her creed in life:

"I wish for peace and tranquillity. All my desire and all my ambition is to be esteemed and loved by my partner, to join him in the education and instruction of our little ones, to sit under our vines in peace, liberty and safety."

"Adieu, my dearest friend! Soon, soon return to your most affectionate 'PORTIA'."

From Philadelphia, on the 22d of September, in the same year, John Adams writes his wife:

"I am at a loss what to write. News we have not. Congress seems to be forgotten by the armies. We are most unfaithfully served in the post-office as well as many other offices, civil and military. Unfaithfulness in public stations is deeply criminal. But there is no encouragement to be faithful. Neither profit, nor honor, nor applause is required by faithfulness. But I know by what. There is too much corruption even in this infant age of our republic. Virtue is not in fashion. Vice is not infamous."

"I October, 1776."

"Since I wrote the foregoing I have not been able to find time to write you a line. Although I cannot write you as often as I wish you are never out of my thoughts. I am replying at my hand lot in being torn from you much oftener than I ought. I have often mentioned to you the multiplicity of my engagements and have been exposed to the ridicule and censure of the world for mentioning the great importance of the business which lay upon me; and if this letter should ever see the light it would be again imputed to my vanity that I mention to you how busy I am. But I must repeat it by way of apology for not writing to you oftener. From four o'clock in the morning until ten at night I have not a single moment which I can call my own. I will not say that I expect to run distracted, to grow melancholy, to drop in apoplexy, or fall into a consumption; but I do say it is little less than a miracle that one or other of those misfortunes has not befallen me before now."

"Your favors of 15th, 20th, and 23rd September are now before me. Every line from you gives me inexpressible pleasure, but it is a grief to me that I cannot write oftener to you."

GARRET-LONDON CONTEST MAY OCCUPY TWO WEEKS

ARDMORE.—(Special)—One hundred and fifty Carter county citizens have been summoned to appear in district court next Monday for jury service.

From that number an attempt will be made to select 12 men to serve in the Buck Garrett-Ewing London election contest case. Should this prove impossible Sheriff Mike Gorman will be compelled to summon talliesmen to fill up the jury panel.

The case will begin before Judge Hal Johnson of Shawnee Monday morning and it is reported several hundred witnesses have been summoned to appear.

Attorneys for both sides seem to think the case will require at least two weeks to be heard.

CHOCTAW COUNTY WILL GIN 20,000 BALES

HUGO, Oct. 10.—The total cotton production for Choctaw county this year will be approximately 20,000 bales. This was the almost unanimous estimate of experienced cotton men here. Approximately 60 percent of the crop has been gathered.

All of the three gins in Hugo have been working full blast. The steady stream of cotton which has been flowing from farms in all sections of the county has created a general spirit of optimism. Merchants report an excellent increase in business.

CLEBURNE PHYSICIAN HELD FOR KILLING

(By the Associated Press)

FORT WORTH, Oct. 10.—Dr. W. F. Johnson, physician, was brought to the Tarrant county jail last night by Cleburne officers following the shooting to death there of Luther Etter 23. A woman was wounded by a stray bullet. A crowd gathered around the court house prisoner. Johnson is 53. The shooting took place on the carnival grounds.

Democrat Workers Coming to State To Assist Ticket

The News is in receipt of a wire from the National chairman of the campaign committee of Young Democrats in New York stating that Senator Owen, Scott Ferris and Guy Woodward are en route to Oklahoma to push the candidacy of Davis and Bryan.

The telegram does not mention their itinerary, but this will probably be arranged after they reach the state.

Mr. Woodward is an Ada boy and state president of the Young Democrats. For sometime he has been in the East helping to organize the young democrats of the various states into an effective body to work for the interests of the party.

A. & M. College Gives Football Squad a Hearty Send-off

(By the Associated Press)

STILLWATER, Oct. 10.—Politics and even the world series temporarily abdicated in favor of King Football here today when about 2000 college students and citizens headed by President Bradford Knapp of the Oklahoma A. and M. college accompanied the members of the Aggie grid squad to the railroad station where they entrained for Ft. Worth, Texas, to meet Texas Christian University tomorrow.

The demonstration was declared by the participants to have been the greatest ever accorded here to a departing team.

PROMINENT CLUB MAN IS SUICIDE, POLICE BELIEVE

(By the Associated Press)

PHILADELPHIA, Oct. 10.—Harold M. Duncan, managing director of the Lanston Monotype Company of New York and said to be socially prominent in London and Paris was found dead yesterday with a bullet wound in his head in a wooded section of Oaklane a suburb. A pistol near by and note found in his pocket indicated the police said, that he had taken his own life. Id health was said to have been the cause.

LONDON.—Modern Englishmen are living up to the title of beef-eaters which their habits in the pre-Victorian era assigned to them. Londoners are big meat eaters, particularly of beef, and last year an average of 37.9 ounces of meat a head was sold each week in London. The city's meat bill in 1923 amounted to \$175,000,000.

Establishes Institute to Insure U. S. Adequate Food Supply In 2024

Insuring an adequate food supply to the United States a century hence, when its population probably will be doubled, is the work assigned to the Thompson Institute for Plant Research, in New York, by its founder, William Boyce Thompson (right), New York financier and philanthropist. The institute, a view of which is shown above, has just begun its work, with Dr. William Crocker (left) as director.

PURPOSE OF THE TEACHERS COLLEGE

Teachers Colleges exist for the purpose of training teachers for every type of position in the public schools of the state; for superintendents and principals; for supervisors of manual training, home economics, public school music; for teaching positions in the departments of junior and senior high schools; for teaching positions in primary, intermediate and upper grammar grades; and last and most important of all, it is the purpose of a teachers' college to prepare teachers for the rural and consolidated schools.

Every organization and activity within the institution exists in order that these purposes may be fully realized. The schools of the State are demanding, as never before, teachers with thorough academic training, a broad social outlook, and with the ability and training sufficient to enable them to become leaders in the social and extra-curricular activities of the school.

By a firm emphasis upon high scholarship, provision for a sound moral and physical development, and the encouragement of participation in wholesome recreation and extra-curricular activities, the East Central State Teachers College is attracting young men and young women of unusual native ability and rare worth. Nothing short of a standard four years' college course can adequately satisfy the ideals of these young men and women, or properly equip them to render the most efficient service in the public schools of the State of Oklahoma. This institution has kept pace with the standardization movement, which has been so marked among the Teachers' Colleges of the United States within the last few years, and has outlined a program of studies equal in scope and in standards of instruction to the best. The holders of a degree from a standard Teachers' College

are not only sought after as teachers in the most desirable school systems of the State, but are admitted to graduate work in the best colleges and universities of America.

Only in thus equipping itself to afford the highest possible training for every type of public school teaching, and for individual advancement, can the institution serve the best interest of the State and the Nation.

THE BRIDGE BUILDER

An old man, going a lone highway, Came at evening, cold and gray. To a chasm vast, and deep, and wide.

The old man crossed in the twilight dim; The sullen stream had no fear for him; But he turned, when safe on the other side, And built a bridge to span the tide.

"Old man," said a fellow pilgrim near, "You are wasting your strength with building here; You never again will pass this way; You've crossed the chasm deep and wide."

"Why build you this bridge at evening tide?" "Good friend, in the path I have come," he said, "There followeth after me to-day course can adequately satisfy the ideals of these young men and women, or properly equip them to render the most efficient service in the public schools of the State of Oklahoma. This institution has kept pace with the standardization movement, which has been so marked among the Teachers' Colleges of the United States within the last few years, and has outlined a program of studies equal in scope and in standards of instruction to the best. The builder lifted his old gray head "Good friend, in the path I have come," he said, "There followeth after me to-day course can adequately satisfy the ideals of these young men and women, or properly equip them to render the most efficient service in the public schools of the State of Oklahoma. of 100 candidates. A number of concerts have been planned for each organization, according to H. H. Richards, director.

CORRESPONDENCE WORK

An ever increasing number of teachers in the East Central District are taking correspondence work from year to year. The number of courses requested has become so great that added material and equipment in the Correspondence Study Department has become necessary and considerable extra help has been made necessary for preparing and grading lessons. Recently a new electric micrograph machine has been installed for reproducing lessons. This machine will increase the efficiency of the Department to a great extent. The popularity of the correspondence courses is due to the promptness in sending out lessons, returning lessons, criticisms, and suggestions, and to the low cost to the student. Over 500 students are enrolled in this Department at the present time. This number will no doubt double within the next few months, as the majority of teachers prefer to get started well along with the work of the year before beginning courses.

A Lesson in Fire Fighting

FLUSHING, Netherlands.—A single fire hose spraying nitrogenous foam recently accomplished in three minutes what several fire departments were unable to do in 24 hours.

A fire in the yards of an oil and asphalt company continued more than 24 hours despite the combined efforts of the local department reinforced by the firemen of neighboring towns. The nitrogenous foam sprayed from a distance of 300 yards extinguished the blaze in three minutes.

New Method Heals Pyorrhea

Ten-Year Bad Case Completely Healed in a Short Time Writes Florida Woman.

Faced with the loss of her teeth, after 10 years' suffering, Mrs. M. J. Travis, an esteemed resident of Jacksonville, declares she finally saved her teeth by a simple home treatment: "worth its weight in gold," using her own words: "After having pyorrhea for 10 years my mouth is now healed. Before I found out differently, I was told there was no relief and had yielded to the loss of six fine solid teeth. Then I discovered Moore's pyorrhea treatment. Three days after starting his cure, the soreness left my gums; my teeth began to tighten. Now my teeth are clean, my breath sweet, and my mouth completely healed."

The experience of Mrs. Travis is duplicated in hundreds of other cases. If you have pyorrhea—or threatened with pyorrhea—your teeth are in danger. Quick and effective treatment is necessary. You can test without money risk, the treatment used by Mrs. Travis. Simply write the Moore-Craig Co., 1312 Gateway Station, Kansas City, Mo. Under their guarantee of refund send two dollars. Or, pay postman the \$2 with few cents postage. Use the treatment 3 days. Then if you are not wholly satisfied write their effect and your \$2 will be returned at once.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor B. P. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv.

BIG COTTON CROP RAISED IN SOUTHEAST MISSOURI

POPLAR BLUFF, Mo.—South-east Missouri cotton farmers are now virtually assured of the great- est cotton crop ever raised in this part of the state. With some cotton already on the market and later crops beginning to open, farmers now see the favorable season bring- ing them into their own and, once again, cotton is king of this part of the state.

Several, in fact many, bales of cotton have already been picked. Other pickers are starting to work this week and within the next ten days cotton picking will be in full swing. Pickers will be in demand throughout southeast Missouri this season, since the farmers wish to get the cotton out of the fields with as little delay as possible. The crop is rather late this season cotton ex- perts declaring it is from two to three weeks later than usual. Ef- forts will be made to have the

fields cleaned before the fall rains start and before the heavy frosts are felt.

Farmers are realizing from 7 to 10 cents a pound for their cotton in the seed. Eight cents a pound is the prevailing average throughout the section, and the first load sold to each gin brings a prize of \$10 extra. Never before have conditions favored the farmer of southeast Missouri as they have this year. For the first time in ten years the fruit crop was generally good, especially

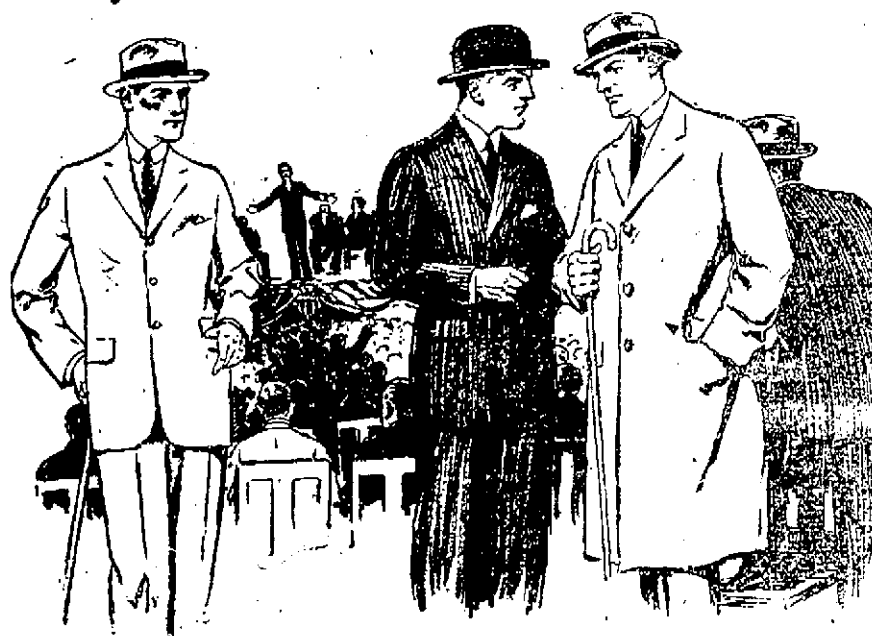

peaches, pears, grapes and plums. The apple crop is rather short, how- ever. Corn, hay and wheat brought good returns and now the cotton crop and an average higher than that of many other states is prom- ising great return.

Sea-bathing is now forbidden to Turkish women living in Constantinople.

A novel contrivance in the musical lines is a combination phonograph and alarm clock.
